「我想成為港鐵鐵路維修員。」

“I wish to be an MTR maintenance technician.”

7 歲的皓名縱使患上髓母細胞瘤，他仍然很勇敢面對了漫長的治療過程，並於早前實現成為鐵路維修員的願望了！

願望團隊初接觸皓名及家人時，他們分享兒子從小便愛看鐵路，家中有不少路軌的玩具。而且他很明確知道自己對維修列車的熱愛。小時候，皓名每次都會伏在窗邊看著車廂外的風景，並對港島綫情有獨鍾，由柴灣站到中環站每個站名背得滾瓜爛熟。

Despite 7-year-old Maximus suffering from Medulloblastoma, he bravely faced the long therapy process. His wish of becoming a railway maintenance technician came true recently!

When the Wish Team got in touch with Maximus's family for the first time, they shared that their son loves trains since childhood. There are lots of toy railway tracks at home. He knows exactly his passion for train maintenance. When he was a child, he always leans on the train windows to see the view outside. He has a soft spot for the Island Line and can memorize every single station name from Chai Wan to Central stations.

願望團隊捕捉皓名的願望後，便邀請港鐵公司（「港鐵」）攜手設計、參與皓名的願望日。由參觀車廠到模擬鐵路維修員的工作，願望團隊和港鐵均細心考慮到皓名的需要，務求皓名可以得到最真實的體驗。

當天，皓名穿上安全反光衣，掛上專屬的鐵路維修員名牌後，港鐵團隊仔細講解車廠的安全守則，皓名就正式獲委派三個任務，包括：檢查列車車輪、檢查車門開關，以及監督沖洗列車。

在港鐵團隊的協助下，皓名幫忙傳遞一個又一個維修工具，按下不同的按鈕檢查列車的運作。即使維修工具對皓名可能有點兒重，但他仍然堅持親力親為，踴躍參與每個檢查的環節。

皓名顯得樂在其中，爸爸媽媽問他：今天開心嗎？他毫不猶豫地回答：「開心！」爸爸接著分享：「今天的體驗令我們一家人有一個難忘的回憶，平時我們常常看著車廠，但意想不到今天我們置身車廠內，更親身參與維修的工作，對皓名和家人都是一份鼓舞和動力。」

最後，願望團隊和港鐵團隊均準備了紀念品送給這位港鐵迷，希望他從今天實現的願望中獲得力量，相信自己有能力將不可能的任務變成可能！

正當我們都慶祝願望日的完結時，媽媽和皓名的姊姊拿出親手製作的小天使吊飾，向在場每一位致謝。媽媽分享：「這些吊飾由皓名和姊姊一同準備，為了今天送給幫忙實現皓名願望的每一位。每位在場幫助皓名的人都是小天使，感謝你們！」

The Wish Team then invited MTR Corporation (MTR) to design Maximus's Wish Day together. From visiting the depot to simulating the work of a railway maintenance technician, both the Wish Team and MTR considered carefully Maximus's needs, to give him the most realistic experience.

On the Wish Day, Maximus wore a reflective safety vest and put on his exclusive name badge. The MTR team explained the safety rules of the depot to him, then, Maximus has been officially assigned three tasks: check train wheels, check train doors and supervise the cleaning process of the train.

With the assistance of the MTR team, Maximus helped hand over several maintenance tools and press different buttons to check the train. Although the tools may be heavy to Maximus, he insisted to complete the tasks by himself, and actively participated in every procedure.

Maximus enjoyed a lot on the Wish Day. He exclaimed, "I am so happy!" His father also shared, "Today was an unforgettable experience for our family. We always stare at the railway depot. It's hard to imagine that we can stand inside the depot today, even participating in the maintenance work. This is a huge encouragement to both Maximus and us."

At last, the Wish Team and the MTR team prepared souvenirs for this MTR superfan. We wish that he can gain strength from his Wish, believing in himself that he can turn the impossible into possible.

During our celebration of the end of Wish Day, Maximus's mother and older sister gave everyone a handmade charm, to thank us for our help. His mother said, "These charms were made by Maximus and his sister. Thank you to everyone that has helped achieve Maximus' Wish. You are all angels, we really appreciate your help!"

如果你擁有一隻機械狗？ WHAT IF YOU HAVE A ROBOT DOG?

Ian 正在修讀編程，一直以來他對機械相關的事物充滿興趣。他很渴望擁有一隻機械狗陪伴自己，而一款最新推出的 Aibo 機械狗就變成 Ian 的願望！

可惜疫情肆虐，Aibo 到貨需時。於是願望團隊陪伴 Ian 等待期間，一起和 Ian 構思機械狗的名稱，和機械狗玩樂的地方及活動！

終於 Ian 迎接到心心念念的 Aibo 機械狗了！Aibo 狗狗回家第一天，Ian 興奮得跳起來！願望團隊希望 Ian 與 Aibo 一起創造難忘的回憶，更希望這願望可以鼓勵 Ian 努力學習編程的知識。期待見證 Ian 將來的機械作品！

我想擁有 Aibo 機械狗。
I wish to have Aibo, the robot dog.

Ian, 10, 急性淋巴性白血病 Acute leukemia

Ian is learning about coding and has always been interested in mechanics. His Wish is to have an AI dog to keep him company, namely the Aibo.

The delivery was delayed due to the raging pandemic. During the long wait, Our Wish Team brainstormed many ideas about naming Ian's AI dog, places they are going to have fun, and things they will do together!

Finally, Ian was able to receive his long-awaited robot dog, Aibo! He was excited to see such a cute doggy and jumped for joy! We hope Ian and his doggy Aibo create many unforgettable moments. More importantly, we hope this Wish encourages Ian to keep building up his knowledge on coding and look forward to seeing his AI work in the future!

新晉魔術表演YouTuber - 詩晴

RISING MAGICIAN YOUTUBER – SZE CHING

詩晴初次與願望團隊見面有些害羞，但問及她的願望時，她毫不猶豫就講出和她喜歡的YouTuber Arho Sunny見面。她由兩年前才開始看Sunny的影片，陪伴她在醫院大部份的時間。這些影片讓她可以欣賞治療以外的事物，給予她很大的動力，因此，她時刻想像實現她見Arho Sunny的願望。

於是，願望團隊便為她打造一次獨一無二的願望歷程。首先，我們將她給偶像的親筆信和影片傳送給Sunny。接著，願望團隊便外出搜購「顏色挑戰」的食物，以及遊戲所需的道具。

在願望日，Sunny和Creamy真的來到詩晴的家，詩晴更一度害羞得躲在餐檯下，無法相信偶像真的站在眼前。他們除了一起玩顏色挑戰，Sunny還將即席畫了一幅畫，以及特別準備的一系列紀念品送給詩晴。

他們渡過充滿笑聲的時光，同時交流了剪片的技巧。因為詩晴受到Sunny和Creamy的啟發，發掘了自己拍片、變魔術的興趣，準備以新一代Youtuber出道！

而這個願望日更讓詩晴加深對拍攝影片的認知，她還定下了訂閱人數的目標！詩晴懷著感恩的心，多謝Sunny和Creamy特意安排時間見面，還約定了再次見面！

*「顏色挑戰」代表主持人以顏色將食物分類，並同時試食不同顏色的食物。

我希望與Youtuber Arho Sunny見面
I wish to meet Youtuber Arho Sunny.

詩晴 Sze Ching, 9, 急性淋巴性白血病
Acute lymphocytic leukemia

Sze Ching first met with our Wish Team and firmly told us her Wish – to meet her favorite YouTuber Arho Sunny. She started watching his YouTube channel two years ago when she spent most of her time at the hospital. These videos brought her to the world outside her treatment and motivated her. That is the reason why she always keeps her Wish in her mind.

Our Wish Team invited Sze Ching to prepare a letter and video for Sunny during the Wish Journey. We also prepared the items such as food in different colors and props for the Wish Day.

Sunny and Creamy showed up at Sze Ching's home on Wish Day! Sze Ching was too timid to hide under the table and could not believe her idols were standing right in front of her! Besides the "Taste Food in Different Colors" challenge, Sunny also drew a picture and prepared a set of souvenirs for Sze Ching.

They spent a wonderful afternoon with waves of laughter and shared their video editing experience with Sze Ching. Inspired by Sunny & Creamy, Sze Ching discovered her talent for video shooting and performing magic tricks. She is now running her channel.

The Wish Day has deepened Sze Ching's knowledge and interest in video shooting. She even sets a goal to achieve a certain number of subscribers. After the Wish Day, Sze Ching was thankful for Sunny and Creamy spending time with her and promised to meet each other shortly!

* "Taste Food in Different Colors" means the hosts categorize the food in different colors and taste the food at once.

^ "Maximize the Food Size" means the hosts will cook the food and make the size much bigger

賽馬會願望樂園計劃 – 工作坊放大鏡

JOCKEY CLUB WISH PLANET PROJECT – LET'S ZOOM IN

願望團隊相信，植物與大自然的生命力可以啟發小朋友勇敢面對病情和逆境。自計劃在疫情下推行以來，願望團隊與治療師不斷努力加強線上工作坊的互動，讓小朋友即使透過屏幕仍可以投入參與，提升他們的康復治療體驗。讓我們一起用放大鏡看看工作坊的小片段：

We believe in the healing power of plants and nature – it could inspire children the courage to face illness and adversity. Since the project launch under the pandemic, the Wish Team has been working hard with therapists to make the online workshops as engaging as possible, such that children could actively participate via zoom and enjoy the benefits of an enriched therapeutic experience. Let us zoom in to see what happens in the workshops.

HELLO ANIMALS!

Apart from planting experience, the facilitator of The Jungle Crafts workshop also asked participants to design their unique animal mask and role play as an animal. They imitated the sounds and motions of the animals, just like having a small party in the jungle. After listening to the story of Mr. Hedgehog who longed for a hug, the children all shared their warm hugs and DIY gifts with him and learned about sharing.

動物出沒注意！

除了嘗試種植小種子外，「森林工作坊」導師亦會與小朋友設計獨一無二的動物面具，讓他們投入角色扮演，模擬不同小動物的聲音及動作，彷彿一班小動物在森林一起唱歌跳舞。小朋友在聽完刺蝟先生渴望擁抱的故事，都很窩心地給他送上擁抱和自己準備的小禮物，學會分享。

以音樂擊退恐懼

導師問：「小朋友，你們害怕什麼東西？」小朋友：「蟑螂！」、「媽媽生氣的時候！」、「蜘蛛！」音樂和遊戲讓小朋友放鬆心情，有助與其他小朋友建立信任和溝通。在「探索大自然音樂之旅」，小朋友由最初較被動，到一次比一次積極表達自己並與其他小朋友互動，甚至願意分享自己的恐懼。雖然大家害怕不同的東西，但相信我們都能夠一一克服。小朋友與導師一起用不同的樂器合奏，以音樂擊退恐懼，鼓起勇氣面對挑戰！

TO CONFRONT FEAR WITH MUSIC

Facilitator: “Children, what are you afraid of?” Participants: “Cockroach!”, “Mum when she is angry!”, “Spider!” Music and interactive play let children relax and help them build trust and connection with others. In the Music of Nature workshop, participants went from being shy at the start to more and more willing to express themselves and even talk about their fear. The fear we have may be different, they can all be overcome. Through music jamming using different instruments, children could try to confront their fear with music, and face challenges with courage!
